AMPP Coating Inspector Program Level 1 (CIP1)

The **AMPP Coating Inspector Program Level 1** is the first step on the Coatings Inspector ladder. This foundation course delivers all the basics to start your paint inspector journey.

Who should attend

- Fabricators and Welders
- Abrasive Blasters
- Paint Applicators
- Project Managers
- Supervisors/Foreman
- Asset Owners/ Operators
- Operations Managers
- Coating Inspector Trainees
- Specifiers and Designers
- Coating Contractors
- Engineers
- Technical Sales Representatives
- Maintenance Personnel

Highlights

- Coatings introduction
- Curing mechanisms
- Role of the Inspector
- Environmental test instruments
- Inspection procedures
- Non-destructive test instruments
- Coating specifications
- Application procedures
- Surface preparation & standards
- Coating failures
- Field lab
- MSDS & product data sheet review
- Logbook documentation
- Non-destructive testing & inspection
- In class practical
- Esteemed lecturer feedback
- Digital & hard copy course materials
- Catering
- Pearson VUE CBT Exam
- My Certification Portal - AMPP

Prerequisites

- Ethics for the Corrosion Professional

Recommended:

- Highschool English and Math competency
- Some understanding of a workshop environment
- ACA Corrosion Technology Course (CTC)
- AMPP Basic Corrosion eCourse
- ACA GAA Hot Dip Galvanizing Inspector (HDG)

p.18

Fees

Starting from AUD\$4,975

Duration

6 days

AMPP Coating Inspector Program Level 2 (CIP2)

The **AMPP Coating Inspector Program Level 2** course is the next step in earning the Certified Coatings Inspector Certification. This globally recognised qualification allows you to perform coating inspections on any substrate using non-destructive and destructive testing for liquid and non-liquid coatings under indirect supervision of a Senior Certified Coatings Inspector.

Who should attend

- Anyone with CIP1 wanting to take the next step
- Fabricators and Welders
- Abrasive Blasters
- Paint Applicators
- Project Managers
- Supervisors/Foreman
- Asset Owners/ Operators
- Operations Managers
- Coating Inspectors
- Specifiers and Designers
- Coating Contractors
- Engineers
- Technical Sales Representatives
- Maintenance Personnel

Prerequisites

- Ethics for the Corrosion Professional
- AMPP Coating Inspector Program Level 1 (CIP1)
- 2+ years' experience (3,000 work hours)

Highlights

- De-humidification & centrifugal blast cleaning
- Coating types & inspection criteria
- Water jetting
- Hot dip galvanizing
- Spray metalising & pipeline coatings
- Concrete & cementitious surfaces
- Specialised application equipment
- Inspection of instruments lab
- Laboratory instruments & test methods coating
- Surveying techniques
- Cathodic protection
- Inspection procedures for both destructive & non-destructive test instrument
- Esteemed lecturer feedback
- Digital & hard copy course materials
- Catering
- Pearson VUE CBT Exam
- My Certification Portal - AMPP

Recommended:

- ACA Corrosion Technology Course (CTC)
- ACA Concrete Structures and Building (ACRA)
- AMPP Concrete Coating Inspector level 1 & 2 (CCI)
- AMPP Basic Corrosion eCourse
- Hot Dip Galvanizing (HDG) course

p.19

Fees

Starting from AUD\$4,975

Duration

5 days

AMPP Coating Inspector Level 3 (CIP3) Peer Review

The **AMPP Coating Inspector Program Level 3** is the highest level of CIP resulting in the Senior Certified Coatings Inspector credential. This certification is for coating inspectors who aim to be recognized as leaders in the Coatings Inspection field. Defining them as highly experienced in surface preparation, cleanliness, environmental conditions, test instruments, coating mixtures, and safety concerns. They are capable of undertaking non-destructive and destructive inspections of liquid and non-liquid coatings applied to any substrate without supervision. And supervising Basic Coatings Inspectors and Certified Coatings Inspectors.

Who should attend

- CIP2 Inspectors wanting to reach the top
- Coating Inspection Instructors
- Project Managers
- Supervisors/Foreman
- Asset Owners/ Operators
- Operations Managers
- Coating Inspectors
- Coating Contractors
- Engineers

Prerequisites

- Ethics for the corrosion professional
- AMPP Coating Inspector Program Level 2 (CIP2)
- 5+ years' experience

Highlights

- Oral Peer Review Exam
- International highly esteemed Peers
- Book through My Certification Portal - AMPP
- Highly regarded qualification

Recommended:

- ACA Corrosion Technology Course (CTC)
- ACA Concrete Structures and Building (ACRA)
- AMPP Concrete Coating Inspector Level 1 & 2 (CCI)
- AMPP Basic Corrosion eCourse

p.20

Duration
1-2h interview

Private Training

The ACA offers all of our esteemed training courses privately so your businesses training requirements can be addressed in the most effective way.

Are you having trouble getting your staff to our public training courses?

Are you located too far from a capital city?

Do you have 10-24 staff you need to have trained?

Do you have a large meeting room at your disposal?

You might find it makes a lot more sense to have your staff trained on-site through a private course!

To enquire about a quote or to request more detail please email training@corrosion.com.au or phone our head office on **(03) 8608 7900**.

We will find a solution that fits your company best!

Who we are

The Australasian Corrosion Association is a not-for-profit, membership Association which disseminates information on corrosion and its prevention or control by providing training, seminars, conferences, research, publications, and other activities.

We partner with AMPP, ACRA, GAA, and other organisations to deliver world-class courses in Australasia. We take great pride in supporting long-serving members of our industry wanting to gain a qualification and enhance their knowledge in the industry as well as new students looking to explore a new field of study and improve their career prospects.

Our instructors hold the highest level of qualification to deliver training courses within multiple industries, such as Engineering, Construction, Manufacturing, Marine/Maritime, Oil and Gas, and Mining.

Head to membership.corrosion.com.au/training and get started.

Boost your career with an ACA Training Course!
