## ACA Corrosion Technology Course (CTC)

The **ACA Corrosion Technology Course (CTC)** course covers the basic principles of corrosion, the forms it takes and the methods of control. This is a great foundation course for all corrosion professionals and the ACA recommends it to everyone in or wanting to join the corrosion community.

### Who should attend

- Researchers
- Project Managers
- Engineering Students
- Maintenance Personnel
- Quality Assurance/Control Personnel
- Contractors
- Specification Writers
- Anyone interested in understanding corrosion control

### Highlights

- The importance of corrosion
- The corrosion process
- Predicting corrosion reactions
- Types of corrosion
- Corrosion in natural environments
- Design improvement
- Corrosion properties of metals
- Inhibitors & water treatment
- Protective coatings
- Cathodic & anodic protection
- Digital & hard copy of course materials
- Catering
- Hands on in class practical sessions
- Written Exam

### Prerequisites

- Proficiency in science
- Good comprehension of mathematics

#### Recommended:

- AMPP Math for the Coatings Professional eCourse
- AMPP Basic Corrosion eCourse

#### Fees

Starting from AUD\$3,565

#### Duration

5 days

p.7

## Private Training

The ACA offers all of our esteemed training courses privately so your businesses training requirements can be addressed in the most effective way.

Are you having trouble getting your staff to our public training courses?

Are you located too far from a capital city?

Do you have 10-24 staff you need to have trained?

Do you have a large meeting room at your disposal?

You might find it makes a lot more sense to have your staff trained on-site through a private course!

To enquire about a quote or to request more detail please email [training@corrosion.com.au](mailto:training@corrosion.com.au) or phone our head office on **(03) 8608 7900**.

**We will find a solution that fits your company best!**

## Who we are

The Australasian Corrosion Association is a not-for-profit, membership Association which disseminates information on corrosion and its prevention or control by providing training, seminars, conferences, research, publications, and other activities.

We partner with AMPP, ACRA, GAA, and other organisations to deliver world-class courses in Australasia. We take great pride in supporting long-serving members of our industry wanting to gain a qualification and enhance their knowledge in the industry as well as new students looking to explore a new field of study and improve their career prospects.

Our instructors hold the highest level of qualification to deliver training courses within multiple industries, such as Engineering, Construction, Manufacturing, Marine/Maritime, Oil and Gas, and Mining.
